

ARTISTIC.

Few people realize how much of the artistic instinct enters into the creation of a thoroughly stylish though "somewhat different" tailor made suit.

A style may be of the latest and yet not precisely like every other one in town. It is the ability to make out "somewhat different" that has earned us our reputation as Leading Tailors.

Our Suit Clubs at \$1 per week are very popular.

If your Purse Leaked

You'd stop that leak instantly. How about your house? Is there any leakage there? A house is really a purse with lots of money in it. This wet weather is hard on your roof, and unless properly looked after every cent's worth will leak out. Better see me now.

**Crazy
Competition**

is the ruin of all business enterprise. People cut prices to get trade because they can't get it any other way. A good mechanic can command and get a fair price for honest work. My standard of work and prices are the same as they have been for the five years I have been in business here.

I don't claim to know it all and don't want it all, but just take this opportunity to let the public know that the old stand is still open at 231 King street, opposite the Arlington Hotel.

The cleanest, brightest safest and really,

in the long run, the cheapest and best light

for use in the family residence, is the incan-

descent electric light. Safe; nothing could

be safer. A few days ago a prominent gen-

tleman of Honolulu came rushing down to

the office of the Electric Company and said:

"Give me figures for wiring my house, and I

want it done at once; no more lamps for me.

Last night a lamp tipped over and it came

so near setting fire to the house and burning

my children and I take no more risks."

This is the sentiment of quite a number in

the past few weeks, who have ordered their

houses fitted with the perfect light.

Just think it over and make up your mind

that you want the best and safest light; send

for the Hawaiian Electric Company and tell

them what you want.

ARE WORTH FIGHTING FOR

THE SPOILS OF GREATER NEW YORK.

Splendid Salaries, Fees and Patronage
—Platt and Croker are on the Anx-

ious Seat.

The Greater New York plums are

certainly worth fighting for. The

money value of the prizes hung up

for the politician foot up millions,

and a single year's income from some

of the leading offices, judiciously

invested would keep the wolf from the

door of an average family for a life

time. A glance at a few of the most

important offices will give a fair idea

of the wealth and patronage involved

in the contest that has raged in

this populous region. The mayor

will hold office for four years, and

nearly all the others for terms as

long or longer. While the immediate

staff of the mayor will be small and

his immediate office salary list per-

haps not more than \$43,800, he will

command patronage much larger than

many a reigning prince. The mayor's

salary will be \$15,000 per annum. Under

the law the salary of the controller

is \$10,000 a year. In addition to

that amount there are fees from col-

lateral inheritance tax in Greater

New York, and from the Raines law

collections in Richmond county, that

are estimated to be worth about \$65,-

000 per annum, making the money value

of the office about \$75,000 annually.

Almost as important as the money

is the patronage of the office. The

controller has a voice in designating

the depositaries of the public funds,

and he has the absolute disposal of a

large corps of assistants, whose sal-

aries will range from \$6,750 to \$1,200,

and which will bring the salary fees

and patronage of his office up to the

enormous sum annually of \$361,400.

After the controllership the office of

sheriff is the most important from pecu-

niary and patronage points of view.

The salary is \$20,000, and there are

fees, estimated by Sheriff Tamsen, to

be worth about \$35,000 a year more.

The pay of the county clerk is \$15,000.

He will draw from the public treasury

at least \$150,000 for the maintenance

of himself and his office force. The

district attorney's salary is \$12,000,

besides some handsome perquisites.

His pay roll will hug the \$143,000

figure. The salary of the register is

\$12,000 a year, and the sum paid by

the city to maintain this office is \$129,-

250. The offices in the boroughs of

Kings, Queens and Richmond coun-

ties are also juicy. Although but a

few of the most important offices are

referred to here, the emoluments for

a single year amounts to almost the

sum of \$1,400,000. The great existing

departments, such as public works,

public health, police, fire, street clean-

ing, law, health, taxes, charity, cor-

rections, buildings and many others

are not included in this brief summa-

ry. It is no exaggeration to say that

the manner of spending probably the

sum of \$40,000,000 a year for the com-

ing four years resulted from the

votes cast on the 2nd days of

November. No wonder Platt and Cro-

ker were on the anxious seat.

It is our business to print every-

thing. Star office.
